SUMMARY

I am a MERN Stack Developer who enjoys building clean and responsive websites. I work mainly with React.js, Node.js, Express.js, and MongoDB. I like creating easy-to-use interfaces, writing simple and clean code, and learning new things to improve my skills. I focus on building practical projects and making sure the design and functionality work smoothly for users.

PROJECTS

College Bus Management System (Mern)

- Developed a dashboard with 6+ pages for managing routes, schedules & students.
- Implemented JWT authentication securing 100% of admin operations.
- Built 12+ REST APIs for CRUD operations.
- Improved admin workflow by making data access 40% faster.
- Live demo : <http://college-bus-management-system-navy.vercel.app>

Hospital Management Website (React.js, Tailwind CSS)

- Designed 8+ UI screens (Doctors, Patients, Appointments, Overview etc.)
- Added animations improving user experience by 30% smoother transitions.
- Built 15+ reusable components using React & Tailwind.
- GitHub: <https://github.com/hariomakhand/Hospital-Mangment-123>

Smart Leave Management System (Mern)

- uilt a Smart Leave Management System using MERN stack.
- Implemented leave request, approval, and tracking system.
- Developed REST APIs and responsive user dashboard.
- Live Demo: <https://smart-leave-permission-system-cs6r.vercel.app/>

EDUCATION

🎓 Bachelor of Computer Applications (BCA) — Pursuing	2023 - Present
Sant Singaji Institute of Science and Management, Sandalpur	
🎓 Higher Secondary (12th), Mathematics Stream	2022 - 2023
G.H.S. School, Sundrel	
🎓 High School (10th)	2020 - 2021
N.J.P.H.S. Bijwad	

TECHNICAL SKILLS

Frontend Development

- HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap
- Component-based UI development, Responsive design, State management (Hooks, Context API)

Backend Development

- Node.js, Express.js
- REST API Development, Authentication (JWT, bcrypt), MVC Architecture

Databases

- MongoDB, Mongoose
- MySQL (Basic CRUD & Joins)

Developer Tools

- Git & GitHub, Postman, VS Code
- API Testing

Additional Skills

- Clean Code Practices, Problem Solving, Deployment (GitHub Pages / Vercel), API Integration
